- Network Administrator
- Computer Technician
- Time Management
- Integrity

# Ryan Jay Pasulohan

## WORK EXPERIENCE

IT Department

Feb - June (2023)

### TESDA PTCM

During my internship at TESDA Minglanilla, I acquired experience in the field of Graphics Design and Computer Technology. This opportunity greatly enhanced my confidence and skills, allowing me to attain valuable assets for myself. Not only did I gain knowledge about work ethics, but I also learned time management and the importance of integrity.

Cleaning Crew

2019 - 2020

### Skills

SKILLS stands for School of Knowledge for Industrial Labor, Leadership, and Service, where I was employed when the Covid-19 pandemic emerged. I had to work while fulfilling my responsibilities as a student to provide financial assistance for my family. My job involved maintaining the cleanliness of a subdivision.

Computer Maintenance

2017 - 2018

### St. Cecilia's College

I was once a Computer Laboratory keeper back on my senior high school days, my job was to maintain and check the computers health, and to replace the malfunctioned hardware and also installing important software and operating systems.
